

The Perfect Tonic for Your Spirit

DOUBLE DUTCH CUCUMBER AND WATERMELON MIXER

A mixer should elevate the spirit so you will experience a new, richer, deeper and more exciting taste – this is the philosophy behind Double Dutch. It is built on scientific research in the search of finding the finest and purest ingredients. The goal is to combine knowledge and art to create sweet drinks, which can both be used in cocktails or enjoyed neat on ice.

Tasting notes:

This mixer is round, fresh and delicious on the palate. The watermelon's natural sugars bring warmth and shine to the traditionally fresh savour of cucumber. While cucumber has a traditional affinity for gin the watermelon allows this tonic to stand alone or support light rums or other spirits that require a little warmth to come to life.
