

WEMYSS MALTS

WEMYSS MALTS, KILN EMBERS

Wemyss Malts is a boutique independent bottler based in Scotland. Wemyss is pronounced Weems and is the Scots word for caves. Kiln Embers is a limited edition blended malt with a high peaty malt content. There is only 12.000 bottles worldwide. It is non chill-filtered. The blenders have used twice the amount of heavily peated malt whisky than in the Peat Chimney blended malt. Therefore, Kiln Embers is perfect for lovers of smoky whisky.

Nose: Aromas of salted lemons, sweet cure bacon and lemon barley eater with herbat freshness of spearmint.

Palate: Warm oats and orange peel are toasted over a bed of slowly dying embers and heathery peat while mingling with crispy pancetta and rosemary focaccia blackened at the edges. The finish is chewy and wholesome with sweet smoke barreling around the palate.
