

## RON SUMMUM, SAUTERNES CASK FINISH

Ron Summum is a series of rum, which is characterised by a soft and round palate from the Spanish Solera, when older and younger spirits are mixed together in a pyramide system.

Summum Sauternes Cask Finish has been created personally by the great rum master Juan Alberto Alvarez, and is double aged. After the blend has matured in white oak casks, it is finished in sweet wine casks from the renowned cellar Chateau d'Arches in the region of Sauternes France. After around 9 months in the casks, the aromas of the rum is mixed with notes of the Sauternes wine sweetness, becoming a very drinkable spirit

**Nose:** Soft with hints of vanilla, walnuts, honey and cooked fruits.

**Palate:** Elegant and slightly hints of syrup. The sweetness comes from the combination of the flavors of French and American oak. This is a rum appropriate for both novices and connoisseurs.
