BY THE DUTCH DRY GIN

This Dry Gin is produced from the classic Dry Gin Method with 8 botanicals. All botanicals are individually distilled using Pot Still. Once the right flavour is achieved, the botanicals are re-distilled into a Pot Still to emphasize their individual characteristics before blending. "By the Dutch" Dry Gin is uncoloured as the Dry Gin Method don't allow any colour or flavours to be added after distillation.

Nose: A clean and intense aroma of blood orange, balanced with juniper berries, nutmeg and cinnamon.

Palate: Explosion of citrus fruits and juniper berries, immediately balanced with the different layers of botanicals, like cinnamon, laurel, blood orange and coriander. The flavors are lingering on the pallet for a long period of time.

Botanicals:

Lemon peel

Nutmeg

Coriander

Cardamom

Cinnamon

Juniper

Blood orange

Laurel

Country: Holland

Distillery: Herman Jansen

Alcohol: 42,50% alc.

Age: Unaged
