

ORIGENES BY DON PANCHO, 30 YEARS

Origenes rum is developed by Francisco "Don Pancho" Fernandez Perez, who has worked with rum development since the early sixties. Don Pancho has worked for distilleries worldwide, which have produced some of the most famous rum brands. With many years of experience and a desire to create a rum without compromise, Don Pancho has finally presented the world for Origenes. This is a rum worth waiting a lifetime for, as Don Pancho says.

Every bottle is hand numbered and signed by Don Pancho. In Don Pancho's words: This is not an aperitif but a digestive, drink it slowly, drink it neat. Never Alone.

Tasting notes:

An exquisite soft caramel bouquet, followed by deep layered aromas of vanilla and oak, with a strength of tobacco, praline, pecan and orange peel. Full bodied texture, complex, figs and Bourbon with a very long, dry and warm finish that echoes cognac and toasted nuts.
