

BRISTOL SPIRITS, DEMERARA RUM

This fine Demerara rum is distilled in 1988 on the famous Enmore Still. Enmore Estate in Guyana can be dated back to 1840 and today it is a part of Demerara Distillery which is the only working distillery in Guyana. This rum is pot still. It produces a lighter and a more fragrant and elegant distillate than many other rums from pot stills. The pale colour is not traditional for a rum aged in American Oakwood casks in 20 years.
