

## BRISTOL SPIRITS, PORT MORANT DEMERARA RUM 1990

---

This Port Morant 1990 rum is from Guyana. Guyana is the only place where you will find a double wooden pot still. Originally this legendary pot still was placed at the Port Morant Distillery but after the closing of Port Morant, the still was moved to Diamond Distillery, which is today the only distillery in Guyana.

### Tasting notes:

Port Morant 1990 is distilled in double wooden pot still. It is 25 years old rum, matured in original casks until 2005 when it was transferred to sherrywood. The flavour is deep fruit and aniseed with an additional touch of sweetness together with good length of finish.
