

VAPOR DISTILLERY ARROSTA COFFEE LIQUEUR

Arrosta is made from free-trade coffee beans that are hand selected by the blind roaster, Garry Leary, who has a special nose for coffee. Made of the finest Central American Coffee Beans that are locally roasted to exquisite perfection. The coffee beans are hand ground with exotic Madagascar Bourbon Vanilla Beans, and then they are slowly cold-brewed to extract the smooth intense coffee flavour and natural sweetness, while leaving out the bitterness that heat brewing can impact.

Tasting notes:

A wonderful burst of coffee flavours spiked in the Italian-style with a perfect hint of Madagascar Vanilla sweetness and with only half the calories of most other coffee liqueurs.

Country: United States of America

Distillery: Vapor Distillery

Alcohol: 30% alc.

Age: Unaged
