

WILD TIGER SPICED RUM

Wild Tiger Rum is India's very first Premium Rum given its exotic blend of Indian Spices and exquisite packaging. The first Wild Tiger Rum was launched at UK Rumfest in 2015. Wild Tiger Rum is a unique exotic blend using both sugar cane distillates, molasses and sugar cane juice. It is a column distillate matured in American oak casks.

Nose: Pronounced notes of zesty tangerine and cardamom flavours come through like petrichor and freshly cut grass.

Palate: Earthy, vegetal and full of spice as black pepper, nutmeg, cinnamon, forest honey and ginger hit your tongue. This is a full-bodied rum with a complexity of aromas and flavours that are beautifully textured.

Finish: Intense and profoundly delightful, more spicy than sweet.

Country: India

Distillery: NA, Sdf Industries Ltd

Alcohol: 38% alc.

Age: 2-4 years
