

ORIGENES BY DON PANCHO, 18 YEARS

Origenes rum is developed by Francisco "Don Pancho" Fernandez Perez, who has worked with rum development since the early sixties. Don Pancho has worked for distilleries worldwide, which have produced some of the most famous rum brands. With many years of experience and a desire to create a rum without compromise, Don Pancho has finally presented the world for Origenes. This is a rum worth waiting a lifetime for, as Don Pancho says.

Origenes 18 is aged up to 18 years in Bourbon barrels. The style is Spanish, and the base material is melasse.

Tasting notes:

An delicious rum with aromas of sweet tea, honey, fresh dates, soft cardamom and figs. The palate contains notes of dried fruits, Bourbon and matured plums. A sweet luxurious initial entry on the palate turns to creamy vanilla then dries to cola nut and brown spice. This is a well-balanced rum with a long oak finish reculant to leave the palate.
