

## DARBOUSSIER RHUM BLANC

---

Darbousier's famous sugar refinery was created in 1869, right on the docks of Pointe-à-Pitre, by the seaside in Guadeloupe. It was in this "Golden age of sugar" that started the centralisation of sugar factories and included some of the largest sugar plantations of the time. This white Darbousier Rhum is made from pure Guadeloupean cane juice. A premium agricole rhum with 59% abv. It offers generous flavors of fresh sugar cane and exotic fruits.

**Nose:** Fresh sugar cane juice and slightly floral hints combined with balancing herbaceous notes.

**Palate:** Delicate and crisp with vegetal and grassy notes, and a hint of fresh pepper.
