

## DARBOUSSIER CRÈME DE RHUM VIEUX

---

Darboussier's famous sugar refinery was created in 1869, right on the docks of Pointe-à-Pitre, by the seaside in Guadeloupe. It was in this "Golden age of sugar" that started the centralisation of sugar factories and included some of the largest sugar plantations of the time. This rum cream is made from Darboussier's Hors d'Âges matured premium rum.

**Nose:** A little funky with a sour touch and delicate hints of orange zest.

**Palate:** Pleasantly sweet carrying complex flavors of the aged rum in a creamy texture. Very mild and refreshing.
