

# CANE ISLAND™

CARIBBEAN AGED RUM

## TRINIDAD SINGLE ISLAND BLEND

The Cane Island Single Island range offers authentic and matured rums that are a blend from one single country.

This Single Island rum from Angostura Distillery in Trinidad is distilled on a column still and matured in ex-Bourbon barrels. The color is a delicious amber, and the rum is made of molasses.

Every single drop of this Trinidad rum has matured 3-5 years in Trinidad's tropical climate.

### Tasting notes:

Gold amber colour. A warm floral palate with pleasant notes of toffee and caramel. The typical Trinidadian spicy wood flavours are well balanced with delicate sweetness, followed by a very gentle finish.
