

## BRISTOL SPIRITS, PORT MORANT 2008

Port Morant 2008 from Guyana is aged in well used ex whisky wood, pale gold colour. Nose has classic Port Morant aniseed tones but this relatively young bottling shows freshness and fruit on both nose and palate, very good example of young Port Morant. Later bottlings at greater age will show deeper development.

Enjoy over ice.

**Nose:** Beautiful intense notes deriving from pot stills, pleasant hints of oak and light orchard fruits.

**Palate:** Full-bodied and round with notes of fresh vegetables. Long finish with subtle bitterness.
