

KIMERUD GIN

KIMERUD Gin is a highly awarded gin (double gold medal CWSC 2017) It is well balanced owing to the careful blending of 22 fine botanicals, the most unique of which is Golden Root. The cold climate in Norway adds to the quality of KIMERUD Gin as it delays the growth of the herbs, bringing a richness that is paramount to the final taste. The spirit is distilled 5 times and we add only pure mountain water after distillation. Distilled in the same way as an "London Dry Gin".

Tasting Notes

Balanced with delicious hints of spices, subtle notes of earth & sea and fine citrus aromas. The finish is long and pleasant with taste of fresh grass and a little sweetness.

Country: Norway

Distillery: Kimerud

Alcohol: 40% alc.

Age: unaged
