## HÅVALDSEN AQUAVIT

---

HÅVALDSEN Aquavit is a modern approach to a classic Scandinavian spirit. What makes Håvaldsen an innovator in the aquavit sector is that it has been stored in three different barrels: Sherry , Madeira and fine French oak. This is the first triple-cask aquavit made in Norway and most likely world-wide. Experience a profound aftertaste from botanicals including: Carvi, Coriander, Angelica, Mint, Ginger Root, Orange and Lemon peel.

### Tasting Notes

A boost of flavors with balanced spicy notes, hints of dry soil and sea breeze. Long and pleasant finish with a touch of citrus.
