

KIMERUD BOTANISK GIN

KIMERUD Navy Strength Gin is the most powerful of the internationally awarded Kimerud Gin family. Master Distiller Ståle Håvaldsen Johnsen distills a careful balance of 22 fine botanicals with pure mountain water, to create a full-bodied pallet and aroma. The cold Norwegian climate adds to the quality of KIMERUD Gin as it delays the growth of the herbs bringing a richness that is paramount to the final taste.

Tasting Notes

An elegant gin with herbal notes and a touch of citrus paired with balanced notes of juniper.
