

JIN JIJI DARJEELING

Jin Ji Ji Darjeeling is Peak Spirit's first tea inspired variant. They chose tea as a foundational botanical because India is home to the world's most distinctive geographically indicated (GI) tea regions. They believe gin is a spirit with the ability to express terroir. Jin Jiji Gin is copper pot distilled in Goa.

Tasting Notes:

Fragrant aromatics of juniper and mint with soft tones of freshly picked tea. On the palate Jin Ji Ji Darjeeling has a warm assertive spice character that tastes of herbs, orris and ginger with a lingering citrus and tea brightness.

A layered, complex, and delightful gin.

Country: India

Distillery: N/A

Alcohol: 43% vol.
