

PULLIMUT ED. 2022

Pullimut [puli'mud] is an infinity blend with surprising characteristics. As a rum importer and indie bottler, you end up with a lot of rum, sometimes more than you can handle. Which is why we use a 600 litre sherry butt barrel for being experimental and create our very own infinite blend. Only half of the barrel content is bottled, the rest remains in the cask and gets continuously blended with new rum, making it a never-ending story.

Nose: Chocolate coated maricpan cake, red berry mix and a hint of toasted oak and vanilla.

Palate: Lush red fruits like cherries, plums and raisins combined with chocolate chips and cappuchino. The rum keeps developing in the long finish and has a silky mouthfeel.

Outturn: 300 bottles.

Country: Blend

Distillery: Blend

Alcohol: 43,1% abv.

Age: Blend
